

DUDGEON

SINCE 1947

Marrakech Banquette

A variation on the Morocco Banquette but a simpler and more compact style. Dudgeon have made several in a variety of fabrics and for differing locations in the UK and Europe. The design retained the idea of large Turkish mock back cushions sitting on large Turkish mock seat cushions. This banquette has custom bullion fringe featuring glass balls round every tassel, large rosettes and pairs of key tassels as well as double tassel tie backs at each end.
